On or about April 5, 2013, Leebcor contracted with the Department of Navy on a federal project relating to the design and construction of a 30,128 square feet Marine Corps Reserve Training Center (MCRC) and adjacent Vehicle Maintenance Facility (VMF) in Millington, TN under Project Number N40083-13-C-0019 (the "Project").

7.

As required by the prime contract and the Miller Act, Leebcor obtained a Miller Act payment bond (the "Bond") from Hartford Fire Insurance. A copy of the Bond is attached hereto as Exhibit A. Under the terms of the Bond, Hartford Fire Insurance agreed to be bound "joint and severally" with Leebcor to make payment to all persons having a direct contractual

relationship with Leebcor or to any subcontractor of Leebcor for furnishing, labor, materials, or both in the prosecution of the work required by Contract No. N40083-13-C-0019, in the event Leebcor failed to make prompt payment to such persons.

8.

Leebcor and MetroPower executed a subcontract with an effective date of March 17, 2014 which required MetroPower to furnish labor, materials, and equipment for electrical work on the Project (the "Subcontract"). A copy of the Subcontract is attached hereto as Exhibit B.

9.

MetroPower last furnished labor to the Project on April 17, 2015. MetroPower fully performed its obligations under the Subcontract.
